

Isn't a pallet  
with no future  
a waste  
of space?

## READY-TO-USE ECOPGS PALLETS®

### Green pallets

**Responsible logistics, secure pallets  
and cost control**

A lost pallet is a waste of raw material. That's why we don't restrict our collection system to supermarkets. We give all companies the opportunity to protect the environment.

We examine your delivery points to see how well our collection network fits. **We offer a fixed rate all year round. We have every faith in our abilities and in your dedication!**

# PGS<sup>®</sup> RLS

**An empty journey  
makes no more  
sense for a pallet  
than it does for  
the planet.  
Virtual transfer  
and real delivery!**

*We take care of sorting  
and repairs*

*You have the same  
account manager  
for your national and  
international business*

*Your pallet account  
is available 24/7 and  
updated in real time*

## PALLET RELOCATION

### **EPAL/EUR - Düsseldorfer**

#### **European-wide credit-debit pallet-in, pallet-out system**

Tap into a pool of over 500 million pallets. Credit your pallet account, dispatch pallets from your warehouses and re-credit your account by flagging collection points.

**Our tightly-knit network means we rarely travel empty.  
Our nearest site will take care of delivery or collection.**

# REVERSE +

**When relocation is a matter of course, the system becomes sustainable.**

*We can send operators and equipment to your sites.*

*There will be a production and storage unit near you*

*RFID tagging can be arranged*

## LET US MANAGE YOUR STOCK

### All materials catered for

**An all-encompassing service: constitution, relocation and maintenance of your pool of pallets**

Our service offer will be tailored to your needs and account for your constraints. **The result is a sustainable, made-to-measure, turnkey solution.**

When your business expands overseas, we'll follow.

We relocate,  
collect,  
repair  
and store  
pallets  
to extend  
their lifetime.

What about the "afterlife"? Nothing goes to waste. Our pallets are recycled. **We give real meaning to the term circular economy.**

**Taking pallets further: timber, pallet production, pooling,  
tracking, repairing, reusing and recycling.**
